Subject: RE: Erratum to the Final Proposed Modifications

Dear Louise,

Thank you for your e-mail below notifying me of the modifications to the DPD that was discussed with the Inspectorate at Kelham Hall mid December 2012 to which I attended the hearings that effected Southwell.

I note that at this stage N&S DC are still featuring DPD ref: SO/HO/2 "land South of Halloughton Road" despite the strong opposition and requests for this site to be removed and increased density applied to other sites.

On a different subject matter and notwithstanding the above, if N&S DC are as they appear to be continuing with the promotion of their fellow Councillors land, DPD ref: SO/HO/2, I would like you to add a comment in the proposed modification column that;

- There are a number of "Charges" over the land DPD ref: SO/HO/2 held by the owners of Springfield House, Nottingham Road, Southwell, NG25 0QW (Title Deed NT464954) for a "Right of Way" for "Services" such as "Mains Electricity" that would need to be satisfied by mutual agreement before any excavation works could proceed.

Yours sincerely,

Michael Ainley
