2011	1	4	5
Total	6	13	19

Years included within the specified period but missing from the tables indicate no records for those years
Only columns for severities occurring within the search are included

ROAD TRAFFIC INJURY COLLISION RECORDS - DISCLAIMER

These details are a record of the personal injury collisions reported to the Police. Every endeavour is made to ensure the accuracy and completeness of these records, which have been transcribed from the original Police Reports. The collision data is then entered and held on computer.

Occasions may arise when information from the Police, relevant to a particular collision, may not be available for several months and will therefore not be included.

No liability can be accepted for errors or omissions.

Growth in Annual Average Daily Traffic (AADT) flows on
B6020 Mansfield Road, Blidworth (SE of Blidworth Lane)

Year	AADT	Growth
2000	8425	100.0
2001	7944	94.3
2002	8780	104.2
2003	9290	110.3
2004	10344	122.8
2005	9675	114.8
2006	10337	122.7
2007	9650	114.5
2008	9793	116.2
2009	9735	115.5
2010	9591	113.8
2011	9707	115.2

In 2001 7944 vehicles on Mansfield Rd
 " 2011 9707 " " " "
 An increase of 1763 (22%) in 10 years

2000-06 is based on temporary automatic traffic counts (approx 2 weeks data) and then monthly variation factors were applied to calculate an AADT. In 2007, the counter was mad hence the more consistent traffic growth factors since that year.

Traffic growth across all county roads

Year	Growth
2000	100.0
2001	99.7
2002	102.3
2003	106.9
2004	108.3
2005	108.5
2006	109.8
2007	110.6
2008	108.1
2009	108.3
2010	106.9
2011	105.8
