4. Do you consider the DPD to be LEGALLY COMPLIANT?

Yes

No

5. Do you consider the DPD to comply with the Duty-to-Cooperate?

Yes

No

6. Do you consider the DPD to be SOUND?

Yes

No

*The considerations in relation to the Legal Compliance, Duty to Cooperate and the DPD being 'Sound' are explained in the Newark & Sherwood Development Plan Document Representation Guidance Notes and in Paragraph 35 of National Planning Policy Framework (NPPF) (2023).

¹ The Integrated Impact Assessment (IIA) integrates Sustainability Appraisal (SA), Strategic Environmental Assessment (SEA), Equalities Impact Assessment (EqIA) and Health Impact Assessment (HIA). Sustainability Appraisals (SA) are a requirement of the Planning and Compulsory Purchase Act 2004 and Strategic Environmental Assessments (SEA) are required by European Directive EC/2001/42, which was transposed into UK law by the Environmental Assessment Regulations for Plans and Programmes (July 2004). The EqIA is a way of demonstrating the District Council is fulfilling the requirements of the Public Sector Equality Duty contained in section 149 of the Equality Act 2010. HIA is a recognised process for considering the health impacts of plans and undertaking this type of assessment is widely seen as best practice.

| (3) Effective | <input type="checkbox"/> |

8. Please provide precise details of why you believe the DPD is, or is not, legally compliant, sound or in compliance with the duty to cooperate in the box below.

If you wish to provide supplementary information to support your details, please ensure they are clearly referenced.

Egdon made representations in respect of Policy DM8 during the consultation period of the First Publication Amended Allocations & Development Management DPD (November 2022). We wish that the original representation is forwarded to the Inspector. In addition, we would like this new representation to be added as a supplement.

Egdon notes that the Council has not made any further amendments to Policy DM8 since the First Publication AA & DM DPD. This is very disappointing. Moreover, the Council has not published any explanation of how the representations have been considered and why it has not resulted in changes to policies sought by consultees to make the plan sound.

The proposed changes sought by Egdon to Policy DM8 are required to ensure that the DPD is in accordance with paragraph 155 of the NPPF, and to achieve consistency with Core Policy 10 (Climate Change) in the Amended Core Strategy adopted by the Council in March 2019. Core Policy 10 commits the Council to working to ensure that development proposals maximise, where appropriate and viable, the use of available local opportunities for district heating and decentralised energy.

The Council has added paragraph 1.13 to the Second Publication AA & DM DPD. This states that “climate change is a significant issue that requires urgent action”. It goes on to say that “the Plan Review has provided the Council with further opportunity to strengthen the Publication AA & DM DPD to address the climate change emergency.” Egdon welcomes the inclusion of this further amendment. However, it seems that the Council has missed the opportunity to strengthen Policy DM8 and allow for appropriate development to harness the significant potential for geothermal heat recovery within the district. Policy DM8 is a key policy within the draft Plan which can help to make a meaningful difference in addressing climate change.

9. Please set out what change(s) you consider necessary to make the DPD legally compliant or sound, having regard to the test you have identified at 6 above where this relates to soundness. You will need to say why this change will make the DPD legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as

possible.

See previous response submitted by Egdon Resources (ID ref 033).

(Continue on a separate sheet/expand box if necessary)

Please note your Representation should cover succinctly all the information, evidence and supporting Information necessary to support/justify the Representation and the suggested change, as there will not normally be a subsequent opportunity to make further Representations based on the original Representations at the Publication stage. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for Examination.

10. If your Representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral Examination.	Yes, I wish to participate at the oral Examination.
<input type="checkbox"/>	<input checked="" type="checkbox"/>

11. If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary.

To explain the reasoning behind the need for the policy to be made sound, to rebut the Council's case and to inform and assist the Inspector.

(Continue on a separate sheet/expand box if necessary)

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the Examination.
