5. Do you consider the DPD to comply with the Duty-to-Cooperate?

No

6. Do you consider the DPD to be SOUND?

No X

*The considerations in relation to the Legal Compliance, Duty to Cooperate and the DPD being 'Sound' are explained in the Newark & Sherwood Development Plan Document Representation Guidance Notes and in Paragraph 35 of National Planning Policy Framework (NPPF) (2023).

¹ The Integrated Impact Assessment (IIA) integrates Sustainability Appraisal (SA), Strategic Environmental Assessment (SEA), Equalities Impact Assessment (EqIA) and Health Impact Assessment (HIA). Sustainability Appraisals (SA) are a requirement of the Planning and Compulsory Purchase Act 2004 and Strategic Environmental Assessments (SEA) are required by European Directive EC/2001/42, which was transposed into UK law by the Environmental Assessment Regulations for Plans and Programmes (July 2004). The EqIA is a way of demonstrating the District Council is fulfilling the requirements of the Public Sector Equality Duty contained in section 149 of the Equality Act 2010. HIA is a recognised process for considering the health impacts of plans and undertaking this type of assessment is widely seen as best practice.

7. The DPD is not sound because it is not:

- (1) Positively Prepared
- (2) Justified
- (3) Effective
- (4) Consistent with national policy

8. Please provide precise details of why you believe the DPD is, or is not, legally compliant, sound or in compliance with the duty to cooperate in the box below.

If you wish to provide supplementary information to support your details, please ensure they are clearly referenced.

These comments/objections refer to the woodland north of our property , Park Farm on Crink Lane, Southwell NG250TJ as marked green on reference map 6

We are concerned that N+SDC in the amended DPD proposes that this area of woodland should be designated as “Public open Space “ under SP8

We own this woodland and over many years have endeavoured to make the footpath that crosses it safe for the public by ensuring that any unsafe trees are removed or shortened. We do not wish to open up the rest of the wood to the public having already had instances of fires being lit and damage to trees. Hitherto we have been able to point out to the public that the wood is private. However should this area be formally designated as “public” we cannot be held liable for any injury or worse to the public other than those relating to the footpath itself, given that there will always be dead trees/fallen branches to contend with.

The wood is already protected from development within the conservation area so we do not see what is gained by this additional designation. Surely the word “public” is an invitation to roam over what is privately owned land, with potential environmental and legal consequences as noted above.

As a further subsidiary comment, it has only come to our notice very recently that this designation is being proposed with the deadline for responses being 6 Nov. Surely N+SDC could have the courtesy to notify landowners directly of such proposals. We do not find SP8 clarifies what “public “ means. We feel that a proposal to make “public” privately owned woodland, without direct consultation with the owners, does not sit well with democratic process.

9. Please set out what change(s) you consider necessary to make the DPD legally compliant or sound, having regard to the test you have identified at 6 above where this relates to soundness. You will need to say why this change will make the DPD legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove the proposed designation of public open space for the woodland referred to above

Please note your Representation should cover succinctly all the information, evidence and supporting Information necessary to support/justify the Representation and the suggested change, as there will not normally be a subsequent opportunity to make further Representations based on the original Representations at the Publication stage. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for Examination.

10. If your Representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?
